

Community Access-Ability Program - *Guidelines*

Objective

To assist non-profit community organizations and municipalities with the removal of barriers for persons with disabilities in public buildings and spaces. Proposals are welcome from non-profit organizations, Nova Scotian Mi'kmaq councils or groups, and municipalities.

Under this program, the Provincial Government invests up to two thirds of the costs of improvements, with the applicant responsible for one third of the project's funding. Priority will be given to applications which demonstrate that the improvement proposed is part of an overall plan and commitment to the inclusiveness of persons with disabilities.

Eligibility

Funding is available for improvements that will provide universal public accessibility or to upgrade existing accessible features. Organizations are eligible to submit one application per year.

Eligible facilities must be open for use by all community members not just to those who belong to the applying organization. For example, a curling club or church hall must be open to the public, not just for members.

New construction is not eligible for funding under this program. Additions to existing structures may be considered if they are designed to improve accessibility.

Expenditures for renovations and equipment incurred prior to start of the current fiscal year, which begins on April 1, will not be eligible. Funding applications for improvements to leased premises will be considered, provided the lease period extends to at least two years beyond the date the application is submitted to the department.
