## Objective

To provide financial assistance to owners of properties protected under the Heritage Property Act, in support of their efforts to properly conserve this important resource, and to ensure adherence to the spirit and tenets of the Heritage Property Act.

## Eligible Applicants

### Provincially Registered Heritage Properties

Owners of Provincially Registered Heritage Properties are eligible.

### Municipally Registered Heritage Properties

Only registered municipal heritage properties used either for religious worship or community, non-profit purposes are eligible.

Applicants must be either a) the property's owner; or b) an organization that has a long-term lease to use the registered heritage property and are responsible for the building's maintenance. An organization applying must provide a non-profit registration number and be a registered not-for-profit society or not-for-profit cooperative in good standing with the Provincial Registrar of Joint Stock Companies or federally registered under the Corporations Act as a not-for-profit society or cooperative based and operating in Nova Scotia.

**Please note, if your property has municipal and provincial heritage registration, consideration under this program will be made solely as a provincial heritage property.**

## Ineligible Applicants

- Registered municipal heritage properties that are owned privately by individuals or corporations are not eligible.
- Registered heritage properties owned and maintained by the Province or municipalities are not eligible.

### General Project Criteria

1. Applications should be received six weeks prior to project commencement. All project work must be completed within the fiscal year and a final report be submitted by **December 15, 2018**.
2. A completed, signed and dated application form must be received by the Department of Communities, Culture and Heritage (the Department) before approval can be given.
3. All eligible grant submissions will be reviewed and scored by a panel based on materials provided by the applicant and budget availability. Priority will be provided to provincially registered properties and first-time applicants; to conservation projects that use traditional materials; and to further the objectives of ***Nova Scotia's Culture Action Plan: Excellence in Cultural Stewardship***. The panel's recommendation will be advanced for Minister's consideration.
4. All grants are provided at the discretion of the Minister responsible for the administration of the Heritage Property Act (the Minister); the Minister may approve applications with or without conditions.
5. All grants are subject to provincial audit; all project and financial records must be kept for a period of at least two years and provided on request to the Minister or the representative of the Minister.
6. No assistance will be provided retroactively for any work completed or started before a grant has been approved.
7. All grant monies must be disbursed within the fiscal year in which the grant is awarded. Payments are issued on a 50/50 percent basis. The final payment will be issued following staff's review and acceptance of the final report. Applicants who do not receive the amount they requested may be required to submit a revised budget based on the approved amount. If the project is not undertaken after payment of the grant has been made, the recipient must return the funds to the Province of Nova Scotia. If the project generates a surplus of revenues over expenses, recipients will be required to return the surplus funds to the Province of Nova Scotia.
8. At any point during the course of a funded project, the Minister may require his or her staff to investigate the progress made to date.
9. No grants or disbursements will be made for work that does not meet acceptable conservation standards. If at any time during the course of a funded conservation project, the Minister, at his or her sole discretion, considers that the work being undertaken does not meet conservation standards, or is not being undertaken as proposed in the grant application, the Minister may terminate further payment of grant funds for that project.
10. The Province's support must be recognized as outlined in the "***Requirements for Acknowledging Funding***".

## Notification of Results

---

Applicants will be informed of funding decisions by letter, typically within 60 days after the department receives the submission. Applications are reviewed monthly beginning mid-April and ending in mid-July, then on an as-needed basis.
