

**Communities, Culture, Tourism and Heritage (CCTH)** is committed to enhancing trail infrastructure through the Trail Engineering Assistance Grant (TEAG). This program provides essential funding for trail builders and managers, enabling them to engage engineering expertise when necessary. TEAG supports organizations and municipalities in constructing, maintaining, and managing multi-use and non-motorized single-use trails. Through this initiative, we strive to ensure that the trails in Nova Scotia are both safe for users and environmentally sustainable.

## ELIGIBILITY AND GUIDELINES

Proposals will be accepted from the following organizations providing they have a mandate to build, maintain, and support trails:

- Public organizations incorporated as non-profit societies under the *Societies Act* (Nova Scotia) and other public organizations deemed equivalent by CCTH
- Municipal units designated under the *Municipal Government Act* (Nova Scotia)

## ELIGIBLE INITIATIVES

- Inspection and assessment of existing trail structures
- Components of planning requiring an engineer (i.e. site plan for a bridge)
- Design of trail components which must be engineered to a specific standard.
- Rehabilitation plans
- Other occasions when it is appropriate to seek the advice of a professional engineer.

Applicants are encouraged to contribute to the overall cost of the initiative. The contribution level required depends on need and the ability of the applicant to contribute.

Applications received from provincial or regional organizations must show support for the initiative from local trail groups or municipal unit(s).

## CONTRIBUTION GUIDELINES

- Level of contribution will be based on need and the applicant's ability to contribute. The expected level of contribution by the applicant from sources other than CCTH is 50%.
- In kind contributions are acceptable.
- May be applied for on an annual basis
